

April 13, 2020

Good Afternoon,

The assignments for the week of April 13, 2020 are attached with the exception of Ms. Evans. You may email her at bevans@hapevillecharter.org or check Edmodo.

We will not be loaning computers out at this time. However, we do prepare student assignment packets weekly. Here's the link: bit.ly/HCCApacketrequest2020 Once your packet is completed, you will receive a phone call or an email to pick up your packet from security.

We are asking that all students take advantage of this time to avoid summer school. All assignments and assessments must be completed by April 24 for the Class of 2020 and by May 15, 2020 for all students in grades 9,10, and 11.

We will release a schedule in May for all faculty, staff, and students to enter the building to retrieve and return items. The schedule will be created around all CDC guidelines and our local shelter in place guidelines.

Thanks,
Mrs. Bethea
