

4/23/20

Good Evening Parents, Guardians, and Students,

All make-up opportunities given by teachers are optional. However, we want to give every student the opportunity to pass all classes for both semesters for the 2019-2020 school year.

For some students, completing the current assignments and make-up opportunities may be overwhelming. Students can recover classes in future semesters.

As a reminder, summer school will be completely virtual.
